Sir:

In response to the Office Action mailed 2006 Nov 03, please amend the above application as follows:

CLAIMS:

Cancel claims 1, 2, and 3 and substitute new Claims 4, 5, and 6 as follows:

4. A golf putting training device comprising:

a housing constructed of material capable of passing microwave signals from the interior of said housing to an exterior object;

a target strike plate mounted to the front side of said housing which serves as a putting target and receives an impact of a rolling golf ball struck by a golfer with a putter from a short distance away, wherein a layer of impact absorbing material is sandwiched between said housing and said target strike plate;
